Retreat 1: Call to Global and Personal Transformation

~~~~~

In the midst of our violent and hurting world we will explore how God, as Lover and Healer ever invites us to new possibilities and to believe in our potential to make a difference.

Through Scripture and contemporary stories we will be stretched and challenged to believe in our call to become mystics, saints and prophets. We will laugh, cry and celebrate as we recognise more deeply the presence and power of the Holy Spirit in our lives.

## Retreat 2: Soul Sisters - Women Called to Connect, Bond and Heal in the Broken World

~~~~~

During this retreat we will explore the feminine divine and how women have a significant role to play in bringing balance and healing to our world of war and suffering.

We will look at the role of women in Scripture as well as the call to transformation in the Christian tradition.

The history of God as Mother will be examined and the importance of compassion in the process of healing for ourselves as individuals as well as the global community.

We will also look at the experience of some contemporary women whose struggle for new life is a testimony to the resilience of the human spirit and the redeeming power of God's grace.

This precious time with God, our sisters and ourselves will leave us forever changed!
